

Okotoks has been my home for more than 23 years and I have raised all three of my kids here - ages 19, 17 and 13. My youngest is my only hockey player and he started his "career" with OMHA at the age of five. He will be going into his second year of U15 this coming season.

With three kids, I have spent time volunteering in many capacities in various sports and school associations over the past 14 years. I consider myself to be organized and I enjoy lending my time and energy in any way I can!

I thoroughly enjoyed my position as U11 Travel Director last season and would love the opportunity to be a non-parent director for this group again. I learned A LOT as a "newbie" look forward to using my new skills this fall!
